Dear Mr. Caulkin,

Acceptance of Regs4Ships as an equivalent to carriage of paper publications.

I am pleased to confirm that, after evaluation, the Antigua Department of Marine Services fully recognises that the carriage on board any Antigua and Barbuda registered ship or yacht of the CD based Regs4Ships product, in its "Regs4Ships" or "Regs4Yachts" version as appropriate, or the provision of ready access to the internet version, meets all the statutory requirements applicable to Antigua and Barbuda ships and yachts for the carriage of:

- Shipping related Directives, Circulars, and Information Letters.
- Copies of Antigua and Barbuda legislation,
- Copies of the Maritime Conventions, Codes and related publications.

Wherever there is a requirement in Antigua and Barbuda law for the carriage of these reference sources, or a Convention requirement for their carriage, the requirement may be fulfilled by the carriage of this product.

Sincerely,

Captain D Howell.
Assistant Deputy Director (Technical and Registry Affairs).
